2. By the same resolution, the Assembly decided to appropriate $25.5 million to the special account for the capital master plan for the biennium 2002-2003, in accordance with the relevant resolutions on the scale of assessments applicable for the biennium 2002-2003, for design and related project management and management of pre-construction services for the baseline scope and scope options.

By resolution 60/25o, it was further decided to appropriate an amount of $23,500,000 for financing the design and pre-construction phases, including swing space requirements for the capital master plan, and to finance it in accordance with regulation 3.1 of the Financial Regulations and Rules of the United Nations through assessment on Member States in 2006 on the basis of the regular budget scale of assessments in effect for that year.
